

# DANKOOK UNIVERSITY

*Creativity & Convergence*

**Jukjeon Campus**

152, Jukjeon-ro, Suji-gu, Yongin-si, Gyeonggi-do, 16890, Korea

**Cheonan Campus**

119, Dandae-ro, Dongnam-gu, Cheonan-si, Chungcheongnam-do, 31116, Korea

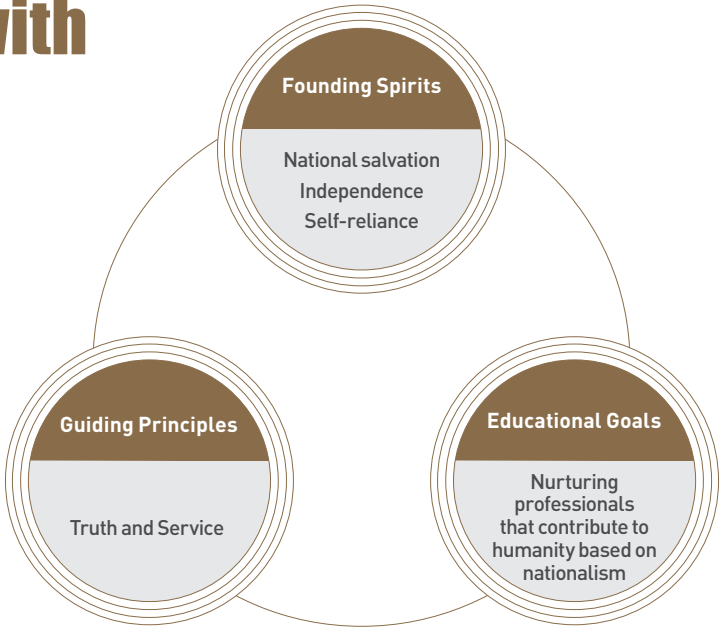

Callcenter 1899-3700 [www.dankook.ac.kr](http://www.dankook.ac.kr)

# A Global University with Challenging and Creative Spirits

## DANKOOK UNIVERSITY

### Founders

**Beomjeong(梁炯), Chang Hyong(張炯)**  
1889.1.18 ~ 1964.12.30

Having witnessed the social chaos that followed the nation's independence, Mr. Beomjeong, Chang Hyong recognized the need to educate talented individuals armed with unwavering patriotism and devoted himself to establishing the university with Mrs. Hyedang Cho Huijae. He dedicated himself to the institution's growth after it was finally founded. He received the Order of Merit for National Foundation during the 1963 Commemoration of the Independence Movement Day ceremony in recognition of his service towards independence.

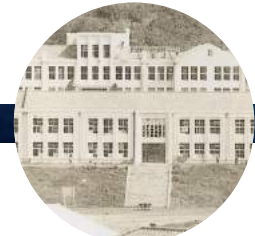

**Hyedang(惠堂), Cho Huijae(趙喜在)**  
1892.2.12 ~ 1947.11.3

Following independence, Mrs. Hyedang Cho Huijae set out to establish a new university funded purely by domestic capital, armed with her husband's belief that education completes men and provides a solid foundation for the nation. Based on her previously established friendship with Mr. Beomjeong, Chang Hyong, she generously provided the base funds necessary for the establishment of a foundation.

# Dankook University's Education Innovation Strategy

- Build an education environment to secure world-class competitiveness by 2027, the university's 80<sup>th</sup> anniversary
- Cultivate creative talent that can actively respond to changes in future society

## EDUCATION

### Boundary-free learning environment and infrastructure

- D-Bank project based on collective intelligence
- Young-Woong Story for boundary-free learning
- AI-BigData-based university infrastructure

### Increased flexibility and autonomy in curricula

- Multidimensional co-curricula
- Self-designed semesters and credit systems
- Digital capabilities tailored to each academic department

### Teaching & learning based on solidarity and cooperation

- Meta-education learning community
- Education based on problem-solving and collective intelligence

### Achievements and improved quality in education

- Specializations based on performance in university education innovations
- Equipped with an improved education evaluation and quality control system

### Support systems for student growth

- DanCare program
- Support and expansion of the DKU Roadmap for growth in experiences

## RESEARCH

### R&D infrastructure to foster leading research talent

- Increased subscriptions to e-journals
- Sufficient research equipment and space
- Advanced research tracks for undergraduate students
- Courses linked to extra-curricular programs

### Research-oriented departments and support for interdisciplinary research

- Aligned programs for research-oriented academic departments
- Strengthened support for interdisciplinary convergence research teams

### Hosting the Global Convergence Conference and supporting participation

- Support for the Convergence Conference
- Support for undergraduate and graduate school student research projects

# AI and BigData Cutting-edge Education Platform

Advanced Education

## Personalized Learning Management System, YOUNG-Woong熊 STORY

- Integrated portfolio to manage student activities
- Database of student capabilities through competence assessment and career design

## AI-based Education Support System, Dan.i

- Offers customized information by analyzing topics set by users
- Provides data on academic information, curricular and extra-curricular activities, lectures, research initiatives, and recruitment news

## Interactive Classrooms with Automatic Lecture Recording Systems

- Cloud-based e-Campus that integrates attendance and plagiarism prevention systems
- Interactive classrooms and automatic lecture recording systems to support debate and lab classes

# Nurturing Creative Problem-Solving and Convergence Talent

Cultivating Creative Talent

## Fostering Convergence Talent in the Bio-health Sector

- Selected for the 2020 Convergence and Open Sharing System to develop talent in new digital technology
- Planning to nurture 25,000 bio-health professionals by 2026
- Set up the College of Bio-health Convergence

## Modular Curriculum

- Relevant courses within an academic department can be combined into modules to allow students to study their areas of interest more systematically

## Problem-solving Program based on Design Thinking

- Creative Idea Design Contest
- Creativathon (Creative + Hackathon)
- Design Thinking Workshops for each major

## Strengthening Digital Literacy with Introductory Courses on Coding and SW

- Mandatory education program in computer coding
- SW training tailored to each field, including humanities and sciences

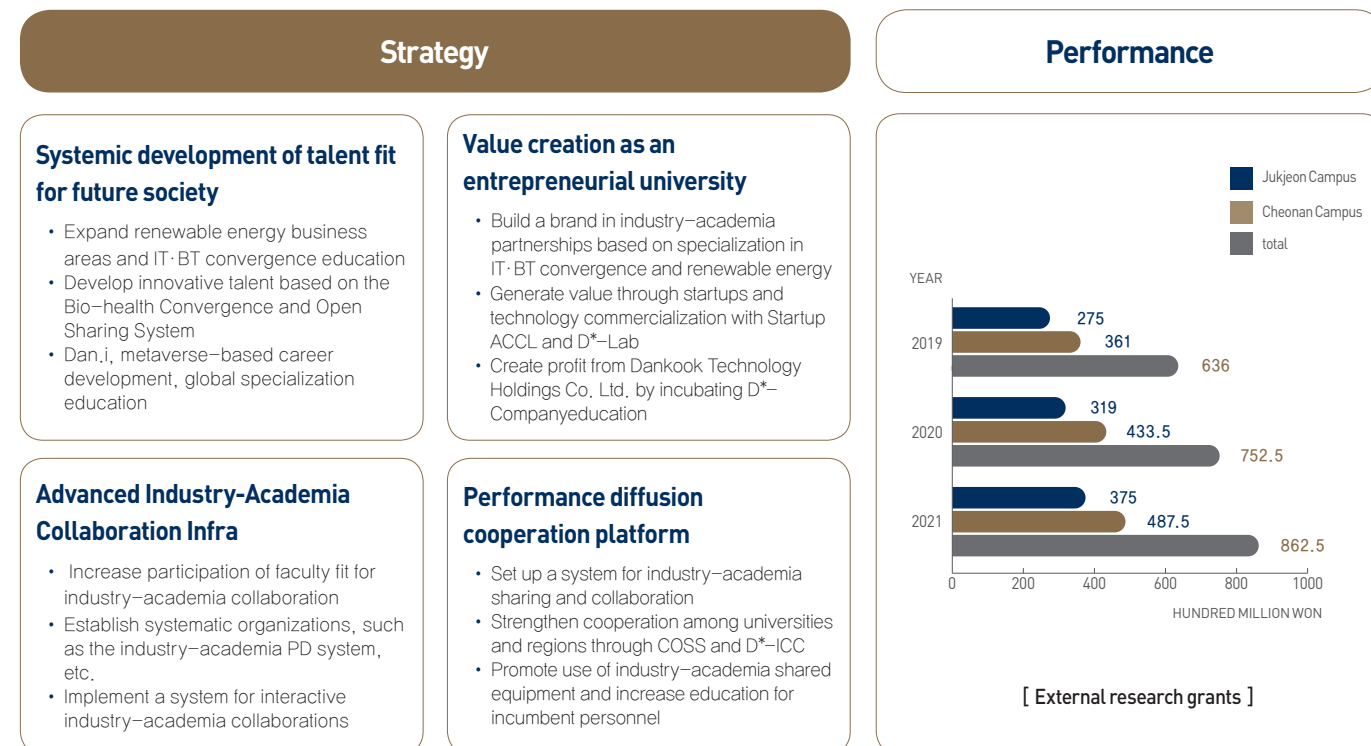

## Fostering Convergence Talent in the SW Sector

- Selected as a SW-centric University in 2017
- Set up departments for software, computer engineering, mobile systems engineering, information statistics, and industrial security
- Operating the College of SW Convergence

# Highlighting Industry-Academic Collaboration to Lead the 4<sup>th</sup> Industrial Revolution

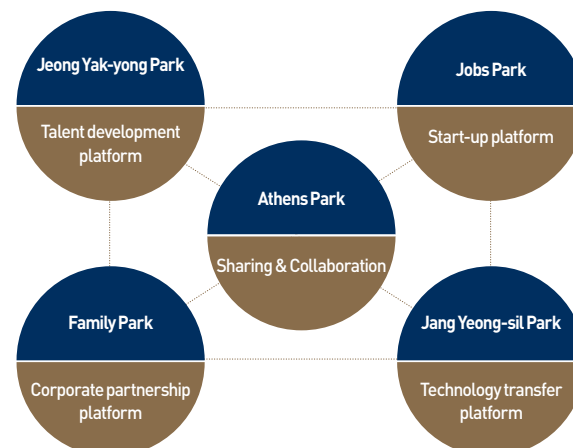

## Building a User-oriented Industry-Academia Collaboration Support System

- Nurturing talent tailored to industry needs with industry-academia convergence programs and advanced education infrastructure
- Industry-Academia-Research joint projects that blend cutting-edge industries with the university's focus areas

## Selected for LINC 3.0 (phase 3 of the Leaders in INdustry-university Cooperation) Program

- Receiving max. KRW 24 bn government sponsorships across 6 years
- Industry-Academia Convergence College: Connective-convergent-micro-wave majors
- Start-up fund: Supporting start-up efforts of faculty and students
- 5 Industry-Academia Collaboration Parks to foster future talent and promote enterprise collaboration

## Renowned Intellectual Property & Patent Technology Transfers

### Accomplishments

- Selected for the Beyond Research Innovation and Development for Good Enterprises+ (BRIDGE+) project (2020)
- Received grade of A in 2<sup>nd</sup> year BRIDGE+ evaluation (2022)
- Selected for the IP Creation and Utilization Support program (2022)

### Key Programs

- **D\*-Lab**  
Securing promising technologies in 5G-SW-Security, material-parts, pharmaceutical biotechnology, therapy diagnostic devices industrial bio-, and renewable energy
- **Dr. DAN Outreach**  
Identifying demand for technology transfers and matching them with researchers
- **Inventor interviews, Patent Prosecution Highway**

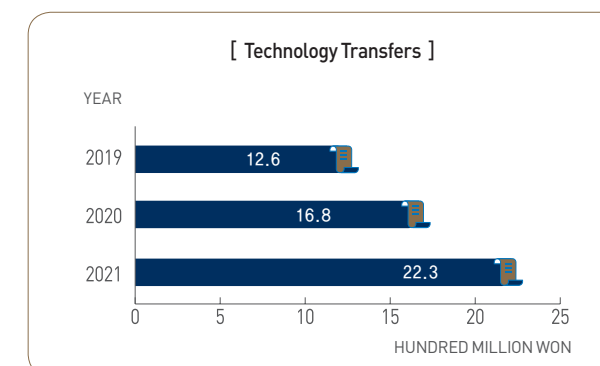

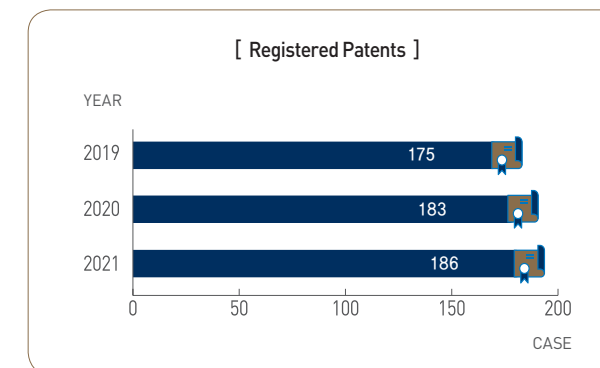

## Entrepreneurial University with a Start-up Support System for Users

### Accomplishments

- Selected for the Leading Universities in Start-ups Project (2014)
- Selected as a lead organization for the Initial Startup Package (2019)
- Selected as a hub center for startup education (2020)
- 144 on-campus start-ups recorded 45 bn KRW in revenue (2021)

### Start-up Supportive Curriculum

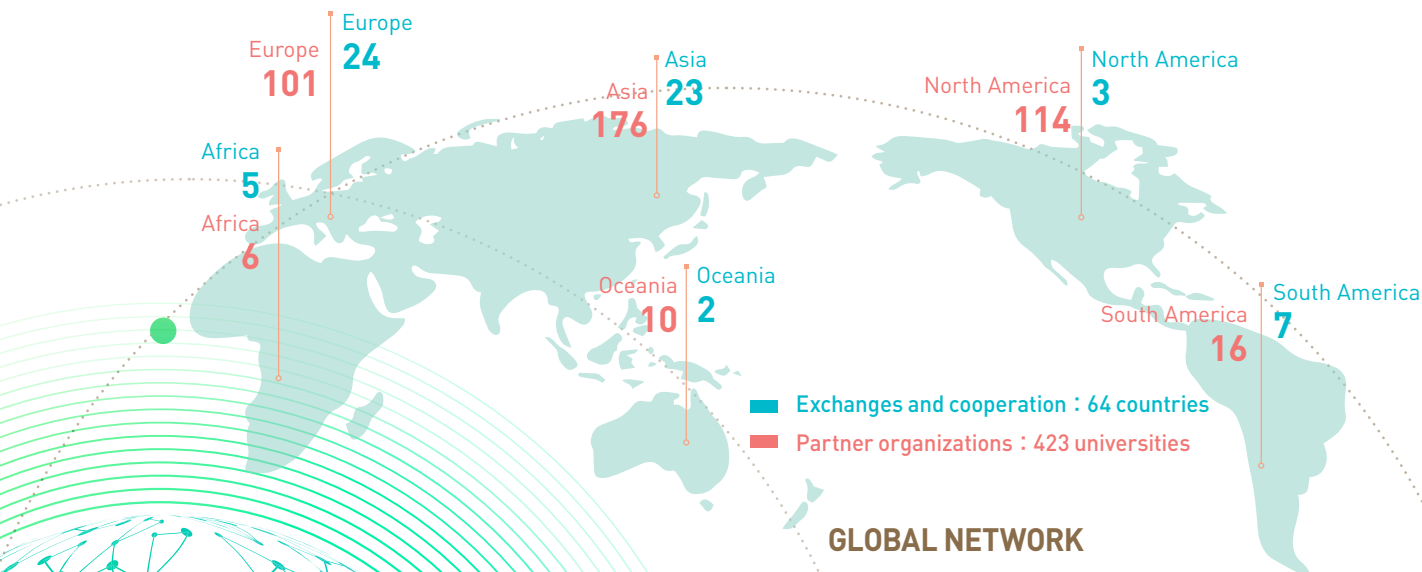

- Start-up leave, Start-up sabbatical leave
- Offers courses on start-ups, start-up semesters and scholarships

# Communicating with the World through GLOBAL DANKOOK

## Global Programs

### GLOBAL NETWORK

- Partnership agreements with 423 universities in 64 countries

### IEQAS (INTERNATIONAL EDUCATION QUALITY ASSURANCE SYSTEM) UNIVERSITY (2015~2022)

- Excellent globalization strategy, attracting and managing foreign students
- Named as a university with excellent international education capabilities for 5 consecutive years (2016~2021)

### TAILORED SUPPORT FOR FOREIGN STUDENTS

- Korean Language EnhAncement Program (K-LEAP)

#### New foreign students (without TOPIK Level 4 or higher)

1<sup>st</sup> Semester : 18 credits (7 courses) / Target TOPIK Level 4 or higher

2<sup>nd</sup> Semester : 7 credits (3 courses) / Korean language education to adapt to college learning

- Intensive Support System for Foreign Students

- International Committee : Builds measures for supporting foreign students
- Academic advisory program tailored to foreign students  
Global PD Professor, Global TA, foreign student mentors  
Supports 1:1 counseling for foreign students in partnership with academic departments  
Tutoring for foreign students studying in majors

## INTERNATIONAL EXCHANGE PROGRAMS

### Student Exchange Program

- Enrolled students can study for up to 3 semesters at a sister university, taking major courses and earning academic credits
- Student exchanges with over 220 universities across 28 countries

### School-funded Language Training

- 4-8 week short-term language courses held during vacation at learning institutes attached to sister universities
- Support for program expenses and academic credits available for the language courses

### International Summer/Winter School

- On-campus program held during summer/winter vacations to foster global mindsets

**Global Village** : Foreign language speaking classes and networking program with foreign students  
Opportunity to learn English, Chinese, Japanese, Spanish, French, German, etc.

**Academic Program** : Summer session for English courses

**Korean Immersion Program** : Intensive learning program for Korean language and culture

### Language Tutoring Program

- Foreign language conversation and exchange program held during semesters with visiting exchange students
- Opportunity to learn foreign languages, including English, Chinese, Japanese, Spanish, French, and German

### Dual Degree Program

- After studying some semesters at sister universities while enrolled at Dankook, students who meet the graduation requirements of both schools can obtain degrees from both universities
- Nuertingen-Geislingen University, Germany (B.Sc. in International Business – Financial Management)
- Nanjing University, China (B.A. in Trade – International Trade)
- Yantai University, China (B.Sc. in Engineering – Material Science Engineering)

### Overseas Internship

- Offering the chance to work overseas to build job skills and develop career prospects

**FSU-Disney Internship** : Internship program at Walt Disney World, U.S.

**WEST** : Government-funded U.S. internship program (domestic training + internship) hosted by HRDK (Human Resources Development Service of Korea)

**K-MOVE** : Government-funded U.S. internship program (language training + internship + travel) carried out by NIIED (National Institute for International Education)

# Promoting interdisciplinary convergence to lead ICT

## Jukjeon Campus

### Optimal location to foster ICT studies

- ICT industrial complexes in Pangyo Techno Valley and nearby Yongin, Gwanggyo, and Dongtan
- Gyeonggi-Chungcheong K-semiconductor belt: 51 bn KRW investment from the government and private sector
- Yongin Semiconductor Cluster for material, parts, and equipment

### Nurturing talent for next-gen system semiconductors

- Project for fostering professional system engineering talent (Ministry of Trade, Industry, and Energy, Ministry of Science and ICT)
- Set up new majors for semiconductor convergence engineering (undergraduate) and foundry engineering (graduate school)

### ICT-based SW talent hub

- Selected for the SW-centric University initiative in 2017
- Operating 5 SW-related departments: Software Science, Computer Engineering, Mobile Systems Engineering, Information Statistics, and Industrial Security
- Internship programs and joint research projects with global IT firms

### Promoting cultural contents based on creativity

- SW Design Convergent Center: Design thinking courses
- Selected for the Humanities & Social Sciences Support Project
- Selected for the Humanities Korea (HK+) Support Project

#### College of Humanities

Korean Language and Literature, History, Philosophy, British and American Humanities

#### College of Law

Law

#### College of Social Sciences

Political Science and International Relations, Public Administration, School of Urban Planning and Real Estate Studies[Urban and Regional Planning, Real Estate], School of Communications[Journalism, Media Contents, Advertising and Public Relations], Counseling

#### College of Business and Economics

Economics, International Trade, School of Business Administration[Business Administration, Accounting], Industrial Management (Evening), School of International Studies[International Business Administration]

#### College of Engineering

School of Electronics and Electrical Engineering[Electronics & Electrical Engineering, Semiconductor Convergence Engineering], School of Polymer Science and Engineering[Polymer Science & Engineering, Fiber System Engineering], Civil and Environmental Engineering, Mechanical Engineering, Chemical Engineering, School of Architecture[Architecture, Architectural Engineering]

#### College of Software Convergence

Software Science, Computer Engineering, Mobile Systems Engineering, Information Statistics, Industrial Security, School of Software Convergence

#### College of Education

Sino-Korean Education, Special Education, Mathematics Education, Science Education, Physical Education

#### College of Music and Arts

Ceramic Arts, School of Design[Visual Communication Design, Fashion Merchandise Design], School of Theater and Film[Theater, Film, Musical], Dance, School of Music and Arts[Piano, Instrumental Music, Vocal Music, Music Composition, Korean Traditional Music]

Jukjeon Campus

# Nurturing talent in bio-healthcare & foreign languages

## Cheonan Campus

### Biological Sciences Cluster

- Focus on the field of biological sciences, partnering with Osong Bio Valley and Daedeok Innopolis
- Offering majors in medicine, dentistry, pharmaceuticals, healthcare, and biological science

### Medical and bio-healthcare infrastructure

- Dankook University Hospital, Dankook University Dental Hospital, Sejong Dental Hospital
- Founded the DKU Center for Cancer

### Globalized foreign language programs

- Foreign language and culture festivals and speech contests
- International Summer School / Global Village (intensive foreign language speaking courses)

### Specialization in foreign languages

- Studying various regions and cultures in Europe & Asia
- Fostering global talent fluent in foreign languages
- Designated as a specialized educational institution for critical foreign languages

#### College of Foreign Languages

School of Asian and Middle Eastern Studies[Chinese Studies, Japanese Studies, Mongolian Studies, Middle Eastern Studies, Vietnamese Studies], School of European and Latin American Studies[German Studies, French Studies, Spanish and Latin American Studies, Russian Studies, Portuguese and Brazilian Studies], English, Global Korean Language

#### College of Science and Technology

Mathematics, Physics, Chemistry, Food Science and Nutrition, School of Life Sciences[Biological Science, Microbiology], Materials Science and Engineering, Food Engineering, Energy Engineering, Management Engineering

#### College of Life Sciences and Biotechnology

School of Life Resources[Crop Science and Biotechnology, Animal Resources Science], School of Environmental Horticulture and Landscape Architecture[Environmental Horticulture, Landscape Architecture], School of Medical Biotechnology[Medical Biotechnology], Pharmaceutical Engineering

#### College of Arts

School of Fine Arts[Crafts Design, Oriental Painting, Fine Arts, Sculpture], Literary Creative Writing, New Music

#### College of Sports Science

Recreation and Leisure Sports, Sport Management, School of International Sports Studies[Exercise Prescription and Rehabilitation, International Sports Studies, Taekwondo]

#### College of Health and Welfare

Public Policy, Public Policy (Evening), Social Welfare, Marine Corps Military Studies, Environmental Resource Economics, Biomedical Laboratory Science, Physical Therapy, Health Administration, Dental Hygiene, Psychology and Psychotherapy School of Biohealth Convergence

#### College of Medicine

Pre-medical Course

#### College of Nursing

Nursing

#### College of Dentistry

Pre-Dentistry

#### College of Pharmacy

Pharmacy

Cheonan Campus

## Graduate School

### Graduate School

#### Jukjeon Campus

Korean Language and Literature, Literary Creative Writing, English Language and Literature, Japanese Language and Literature, Chinese Language and Literature, Chinese-Korean Translation and Interpretation, Middle Eastern and African Studies, Sino-Korean Studies, Philosophy, Education, Counseling, Special Education, Speech Language Pathology, Law, Public Administration, Political Science and Diplomacy, Urban Planning and Real Estate, Communication, Business Administration, Economics, International Trade, Applied Statistics

Science Education, Mathematics Education, Korean & Asian Traditional Dress

Architectural Studies, Architectural Engineering, Polymer Engineering, Fiber Systems Engineering, Mechanical Engineering, Electronics and Electrical Engineering, Computer Science, Civil and Environmental Engineering, Chemical Engineering, Convergent Systems Engineering, Data and Knowledge Service Engineering, AI-based Convergence, Medical Consilience Engineering, Foundry Engineering

## Dankook University Hospital

▶ Dankook University Hospital

### At the heart of advanced healthcare services in central Korea Regional Trauma Center and Doctor Helicopter

Based on the ideas of human dignity and respect for human life, Dankook University Hospital has been making continuous investments in top-notch medical professionals and equipment since opening its doors in 1994 to build an exceptional system for healthcare services. Equipped with more than 1,000 beds, it is the largest university hospital in central Korea, offering medical services in 32 departments including internal medicine, surgery, OB/GYN, pediatrics, and mental health along with an emergency medical center and health examination center. It also operates the South Chungcheong Regional Trauma Center which has the facilities, equipment, and expertise needed for emergency operations and treatment of severe trauma patients, and Doctor Helicopter which extends optimal healthcare services for trauma patients in islands and remote areas with restricted access to healthcare.

### Largest Center for Cancer in central Korea (10 stories, 250 beds) Offering integrated cancer treatment from diagnosis to surgery

Eighty four billion KRW was invested to build a 250-bed Center for Cancer, which opened in 2022 as the largest center of its kind in central Korea. The center aims to protect the health of local residents from cancer, which is the leading cause of death among Koreans today. The Center for Cancer is equipped with △the Gastrointestinal Center (stomach cancer center-colon cancer center-peritoneal carcinoma center) △Center for Liver and Pancreatobiliary Cancer △Center for Breast Cancer △Center for Lung Cancer △Center for Thyroid Cancer △Center for Tumors-Hematologic Malignancy △Center for Urologic Cancer △Health Checkup Center △Center for Gastrointestinal Endoscopy and provides cutting-edge healthcare services including multidisciplinary care for different types of cancer.

▶ Dankook University Center for Cancer

## Dankook University Dental Hospital

Opened in 1984, the Dankook University Dental Hospital has become the leading dental hospital in central Korea, developing the first next-generation integrated solution in Korea and implementing cutting-edge systems such as Full-PACS, EMR videos, MDCT, and CBCT. It offers dental services in 11 departments including conservative dentistry, oral and maxillofacial surgery, prosthodontics, periodontics, orthodontics, pediatric dentistry, dental radiography, oral medicine, preventive dentistry, advanced general dentistry, and anesthesiology, and operates the Center for Dental Implants, the South Chungcheong Dental Care Center for Persons with Special Needs, and special Scaling Center.

▶ University Hospital(Cheonan)

## Dankook University Jukjeon Dental Hospital

The College of Dentistry's Jukjeon Dental Hospital opened on the Jukjeon Campus in 2010, offering services in oral and maxillofacial surgery, pediatric dentistry, orthodontics, conservative dentistry, prosthodontics, periodontics, advanced general dentistry, anesthesiology, oral medicine, and oral diagnosis. It also operates the Gyeonggi Dental Care Center for Persons with Special Needs along with specialty clinics for bimaxillary osteotomy, dental implants, TMJ (temporomandibular joint), pediatric pain-free dentistry, and orthodontics.

▶ Jukjeon Dental Hospital

## Dankook University Sejong Dental Hospital

Opened in 2017 to address the gap in medical services in Sejong City, the Sejong Dental Hospital consists of seven departments including the Department of Oral and Maxillofacial Surgery, Department of Periodontics, Department of Pediatric Dentistry, Department of Orthodontics, Department of Prosthodontics, Department of Conservative Dentistry, and the Department of Advanced General Dentistry.

▶ Sejong Dental Hospital
